PROXY INSTRUCTIONS

Appointment of Proxyholder(s)

The persons named in the Proxy are directors and/or officers of the Company. **A Registered Shareholder (as defined below) has the right to appoint a different person or company, who need not be a Shareholder, to represent the Registered Shareholder at the Meeting by striking out the names of the persons named in the Proxy and inserting the name of that other person or company in the blank space provided.** If you leave the space on the Proxy blank, those directors and/or officers named on the Proxy will be appointed to act as your proxyholder.

The Proxy must be signed in writing by the Registered Shareholder, or such Registered Shareholder's attorney duly authorized in writing. If signed by a duly authorized attorney, the Proxy must be accompanied by the original power of attorney or a notarially certified copy thereof. If the Registered Shareholder is a corporation, the Proxy must be in writing signed by an officer or attorney of the corporation duly authorized by resolutions of the directors of such corporation, which resolutions must accompany such Proxy. A Proxy will only be valid if it is duly completed, signed, dated and received at the Company's registrar and transfer agent, Computershare Investor Services Inc. ("Computershare"), in accordance with the instructions provided on the Proxy, not less than forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays) prior to the time set for the holding of the Meeting, unless the Chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

REVOCATION OF PROXIES

A Registered Shareholder may revoke a Proxy by delivering an instrument in writing executed by the Registered Shareholder or by the Registered Shareholder's attorney authorized in writing, or where the Registered Shareholder is a corporation, by a duly authorized officer or attorney of the corporation, either at the office of the Company at any time up to and including the last business day preceding the day of the Meeting, or with the consent of the Chairman of the Meeting, on the day of the Meeting or on the day of any adjournment thereof, before any vote in respect of which the Proxy is to be used shall have been taken. A Registered Shareholder may also revoke a Proxy by depositing another properly executed Proxy bearing a later date with the Company's registrar and transfer agent in the manner described above, or in any other manner permitted by law. A revocation of a Proxy does not affect any matter on which a vote has been taken prior to such revocation.

Only Registered Shareholders have the right to revoke a Proxy. Non-Registered Shareholders (as defined below) who wish to change their voting instructions must, in sufficient time in advance of the Meeting, arrange for the Company (where the Non-Registered Shareholder is a **NOBO** (as defined below)) or their Intermediaries (where the

Non-Registered Shareholder is an **OBO** (as defined below)) to change their vote and, if necessary, revoke their Proxy.

HOW TO VOTE

Only Shareholders whose name appears on the records of the Company's central security register ("**Registered Shareholders**") as of the Record Date (as defined below) or their duly appointed proxyholders are permitted to vote at the Meeting. Non-Registered Shareholders (as defined below) are not permitted to vote at the Meeting unless they follow the instructions set forth below.

Registered Shareholders: If you are a Registered Shareholder you may vote by attending the Meeting in person, or if you do not plan to attend the Meeting, by completing the Proxy and delivering it according to the instructions contained in the Proxy and this Information Circular. If you intend to attend the Meeting and vote your Common Shares in person, you do not need to complete a Proxy.

Non-Registered Shareholders: Most Shareholders are "non-registered" shareholders ("**Non-Registered Shareholders**"), meaning the Common Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the Common Shares. Common Shares beneficially owned by a Non-Registered Shareholder are registered either: (i) in the name of an intermediary (an "**Intermediary**") that the Non-Registered Shareholder deals with in respect of the Common Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (ii) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc. or The Depository Trust & Clearing Corporation) of which the Intermediary is a participant.

If you are a Non-Registered Shareholder, the documents that you receive, and who you receive them from, will vary depending upon whether you are a "**non-objecting beneficial owner**" (a "**NOBO**"), which means you have provided instructions to your Intermediary that you do not object to the Intermediary disclosing beneficial ownership information about you to the Company for certain purposes, or an "**objecting beneficial owner**" (an "**OBO**"), which means that you have provided instructions to your Intermediary that you object to the Intermediary disclosing such beneficial ownership information. In either case, you have the right to exercise voting rights attached to the Common Shares beneficially owned by you, including the right to attend and vote the Common Shares directly at the Meeting, if you follow the procedures outlined below.

Non-Objecting Beneficial Owners: If you are a NOBO, and unless you have previously informed your Intermediary that you do not wish to receive materials relating to the Meeting, you should receive or have already received from the Company or its agent a Notice-and-Access Notification and a Voting Instruction Form pursuant to NI 54-101. These security holder materials are being sent to both Registered Shareholders and Non-Registered Shareholders. If you are a Non-Registered Shareholder and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding the Common Shares on your behalf. By choosing to send these materials to you directly, the Company (and not the Intermediary holding the Common Shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the Voting Instruction Form.

If you wish to attend the Meeting and vote in person, write your name in the place provided for that purpose in the Voting Instruction Form provided to you and we will deposit it with our transfer agent, or, if you request on the Voting Instruction Form, we will send you a Proxy that will grant you or your appointee the right to attend the Meeting and vote in person. If you do not intend to attend the Meeting or have an appointee do so on your behalf but you wish your Common Shares to be voted, please complete and return the information requested in the Voting Instruction Form to provide your specific voting instructions. If you do not return your voting instructions as specified in the Voting Instruction Form, your Common Shares will not be voted.

Objecting Beneficial Owners: The Company does not intend to pay for Intermediaries to forward the proxy-related materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary* to Non-Registered

Shareholders who are OBOs under NI 54-101. OBOs will not receive the materials unless the OBO's Intermediary assumes the cost of delivery. If you receive or have already received from your Intermediary either a Voting Instruction Form or a Proxy, follow the instructions provided in order to ensure your Common Shares are voted in accordance with your instructions. Intermediaries have their own mailing procedures and provide their own instructions. These procedures may allow for providing voting instructions by telephone, on the Internet, by mail or by fax. If you wish to vote in person at the Meeting, you should follow the procedure in the instructions provided by or on behalf of your Intermediary and insert your name in the space provided on the Voting Instruction Form or Proxy or request a form of legal proxy which will grant you the right to attend the Meeting and vote in person.

The purpose of the above procedures is to permit Non-Registered Shareholders to direct the voting of the Common Shares they beneficially own. In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediary or the Company, as applicable, including those regarding when and where the Proxy or Voting Instruction Form is to be delivered.

A Non-Registered Shareholder may revoke a Voting Instruction Form or any waiver of their right to receive materials relating to a meeting which has been given to an Intermediary at any time by written notice to the Intermediary. An Intermediary is not required to act on a revocation of a Voting Instruction Form or of a waiver of the right to receive materials relating to a meeting which is not received by the Intermediary at least seven days prior to the Meeting.

VOTING OF SHARES AND EXERCISE OF DISCRETION BY PROXYHOLDERS

If you complete your Proxy properly, then the nominee named in your Proxy will vote or withhold from voting the Common Shares represented by the Proxy in accordance with your instructions on any ballot that may be called for and, if you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. If you do not specify a choice on any given matter to be voted upon, your Common Shares will be voted in favour of such matter. The Proxy grants the nominee the discretion to vote on amendments or variations to matters identified in the Notice of Meeting and with respect to other matters that may properly come before the Meeting. If any such amendments or variations are proposed to the matters described in the Notice of Meeting, or any other matters properly come before the Meeting, your proxyholder may vote your Common Shares as he or she considers best.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

No Person has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of directors or the appointment of auditor. For the purpose of this paragraph, "Person" shall include each person: (a) who has been a director or executive officer of the Company at any time since the commencement of the Company's last completed financial year; (b) who is a proposed nominee for election as a director of the Company; or (c) who is an associate or affiliate of a person included in subparagraphs (a) or (b).

RECORD DATE, VOTING SHARES, AND PRINCIPAL SHAREHOLDERS

The directors of the Company have fixed August 8, 2018 as the record date (the "**Record Date**") for the determination of Shareholders entitled to receive the Notice of Meeting and to vote at the Meeting. Any such Registered Shareholder who either personally attends the Meeting or has completed and delivered a Proxy in the manner and subject to the provisions described above shall be entitled to vote or to have his or her Common Shares voted at the Meeting. Non-Registered Shareholders should refer to the instructions above if they wish their Common Shares to be voted at the Meeting.

The Company is authorized to issue an unlimited number of Common Shares, each Common Share carrying the right to one vote. As of the Record Date, the Company has issued and outstanding 167,879,612 fully paid and non-assessable Common Shares. The Company has no other classes of securities.

On a show of hands, every individual who is present as a Registered Shareholder or as a representative of a Registered Shareholder will have one vote (no matter how many Common Shares such Registered Shareholder holds). On a poll, every Registered Shareholder present in person or represented by Proxy and every person who is

a representative of a Registered Shareholder will have one vote for each Common Share registered in the name of the Registered Shareholder on the list of Registered Shareholders, which is available for inspection during normal business hours at Computershare and which will be available at the Meeting.

To the knowledge of the directors and executive officers of the Company, there are no persons who, or companies that, beneficially own, or control or direct, directly or indirectly, Common Shares carrying 10% or more of the voting rights attached to all outstanding Common Shares of the Company.

PARTICULARS OF MATTERS TO BE ACTED UPON

NUMBER OF DIRECTORS

The board of directors of the Company (the “**Board**”) presently consists of five directors. Management proposes that the number of directors on the Board be fixed at five. Shareholders will therefore be asked at the Meeting to approve an ordinary resolution that the number of directors elected be fixed at five (5) for the ensuing year, subject to such increases as may be permitted by the Articles of the Company and the provisions of the *Business Corporations Act* (British Columbia) (“**BCBCA**”). **The Board recommends a vote “FOR” the approval of the resolution setting the number of directors at five (5). In the absence of contrary instructions, the management proxy nominees named as proxyholders in the enclosed Proxy or Voting Instruction Form will cast the votes represented by any Proxy or Voting Instruction Form FOR the approval of the resolution setting the number of directors at five (5).**

ELECTION OF DIRECTORS

Each director of the Company is elected annually and holds office until the next annual general meeting of the Shareholders or until his or her successor is elected or appointed, unless that person’s office is earlier vacated in accordance with the Articles of the Company or with the provisions of the BCBCA.

No person will be eligible for election as a director of the Company unless nominated in accordance with the provisions of the Company’s advance notice policy (the “**Advance Notice Policy**”). A copy of the Advance Notice Policy was filed under the Company’s profile on SEDAR at www.sedar.com on August 5, 2014 and is available on the Company’s website at http://www.silvercorpmetals.com/company/corporate_governance/. The Advance Notice Policy provides that advance notice to the Company must be made in circumstances where nominations of persons for election to the Board are made by Shareholders other than pursuant to: (i) a "proposal" made in accordance with Division 7 of the BCBCA; or (ii) a requisition of the Shareholders made in accordance with section 167 of the BCBCA. Among other things, the Advance Notice Policy fixes a deadline by which holders of record of the Common Shares must submit director nominations to the secretary of the Company prior to any annual or special meeting of Shareholders and sets forth the specific information that a Shareholder must include in the written notice to the secretary of the Company.

In the case of an annual meeting of Shareholders, notice to the Company must be made not less than 30 or more than 65 days prior to the date of the annual meeting; provided, however, that in the event that the annual meeting is to be held on a date that is less than 50 days after the date on which the first public announcement of the date of the annual meeting was made, notice may be made not later than the close of business on the 10th day following such public announcement. In the case of a special meeting of Shareholders (which is not also an annual meeting), notice to the Company must be made not later than the close of business on the 15th day following the day on which the first public announcement of the date of the special meeting was made.

To be in proper written form, a notice to the Company nominating a person for election to the Board must include certain information as set forth in the Advance Notice Policy with respect to the nominee and to the nominating Shareholder. The Board may, in its sole discretion, waive any requirement of the Advance Notice Policy.

Management has received written consent from each of Management’s nominees for election as a director as to their willingness and ability to serve as a director. The Company has adopted a majority voting policy in accordance with

the recommendation of the Canadian Coalition for Good Governance, which means that any director nominee who receives more votes cast as withheld than voted in favour shall be considered not to have received the support of the Shareholders and will tender his or her resignation immediately following the Meeting. If there are more nominees for election than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected until all such vacancies have been filled. A copy of the majority voting policy can be found on the Company's website at http://silvercorpmetals.com/company/corporate_governance/.

In the absence of contrary instructions, the management proxy nominees named as proxyholders in the enclosed Proxy or Voting Instruction Form will cast the votes represented by any Proxy or Voting Instruction Form FOR the election of the nominees named below.

The following table sets out the names of Management's nominees for election as directors, the municipality and province or state, and country in which each is ordinarily resident, all offices of the Company now held by each of them, each nominee's principal occupation, business or employment, the period of time for which each nominee has served as a director of the Company, and the number of Common Shares that each nominee beneficially owns, or controls or directs, directly or indirectly, as of August 9, 2018.

APPOINTMENT OF AUDITOR

It is proposed that Deloitte LLP, Chartered Professional Accountants, of Vancouver, British Columbia, be reappointed as the auditor of the Company to hold office until the next annual general meeting of the Shareholders or until a successor is appointed, and that the directors be authorized to determine the auditor's remuneration. CORPORATE GOVERNANCE

The Company's corporate governance practices have been and continue to be in compliance with applicable Canadian requirements. The Company continues to monitor developments in Canada with a view to further revising its governance policies and practices, as appropriate.

The Company has reviewed its corporate governance practices against the requirements of the NYSE American and determined that its corporate governance practices do not differ significantly from those followed by U.S. companies under the NYSE American listing standards for corporate governance.

The following is a description of the Company's corporate governance practices which has been prepared by the Corporate Governance and Nominating Committee of the Board and has been approved by the Board.

Board of Directors

In compliance with the requirements of the BCBCA, the directors are elected by the Shareholders to manage, or supervise the Management of the business and affairs of the Company. The Board believes that good corporate governance is important to the effective performance of the Company and plays a significant role in protecting Shareholders' interests and maximizing value for the Shareholders. Change of Control Agreements

The Company has in effect change of control agreements with each of Dr. Rui Feng and Lorne Waldman. The terms of the change of control agreements provide that if an executive officer’s employment agreement or consulting agreement, as applicable, is terminated, other than for cause, within 18 months after a “Change of Control” (as defined below), the executive officer shall be entitled to: (i) a lump sum payment equal to 18 months base compensation plus any other amounts owed for compensation in arrears, (ii) bonus, if awarded, (iii) continuation of benefits for 18 months, and (iv) immediate vesting of all outstanding Options. The Company is responsible for the payment of the Change of Control payments and there are no requirements to receiving a Change of Control payment (such as execution of a non-competition agreement, non-solicitation agreement or confidentiality agreement).

The change of control agreements deem a “Change of Control” to occur if: (i) a merger, amalgamation, arrangement, consolidation, reorganization or transfer takes place in which equity securities of the Company possessing more than 50% of the total combined voting power of the Company’s outstanding equity securities are acquired by a person or persons different from the persons holding those equity securities immediately prior to such transaction, and the composition of the Board following such transaction is such that the directors of the Company prior to the transaction constitute less than 50% of the Board membership following the transaction, except that no Change of Control will be deemed to occur if such merger, amalgamation, arrangement, consolidation, reorganization or transfer is with any subsidiary or subsidiaries of the Company; (ii) any person, or any combination of persons acting jointly or in concert by virtue of an agreement, arrangement, commitment or understanding shall acquire or hold, directly or indirectly, 25% or more of the voting rights attached to all outstanding equity securities; (iii) any person, or any combination of persons acting jointly or in concert by virtue of an agreement, arrangement, commitment or understanding shall acquire or hold, directly or indirectly, the right to appoint a majority of the directors of the Company; or (iv) the Company sells, transfers or otherwise disposes of all or substantially all of its assets, except that no Change of Control will be deemed to occur if such sale or disposition is made to a subsidiary or subsidiaries of the Company.

Quantified Impact of Termination and Change of Control Provisions

If a Change of Control of the Company had occurred on March 31, 2018, the total estimated cash cost to the Company of related payments to the below NEOs (which includes the accelerated option based award value) is estimated at CAD\$2,053,739. The following table shows estimated incremental payments in Canadian dollars triggered pursuant to termination of employment of an NEO in accordance with the termination provisions described above:

Name	Termination Without Cause Under Employment Agreement Provision Value (CAD\$) ⁽¹⁾⁽²⁾⁽³⁾	Change of Control Provision Value (CAD\$) ⁽¹⁾⁽²⁾⁽³⁾⁽⁴⁾
Dr. Rui Feng	3,285,254	1,652,651
Lorne Waldman	-	401,088

Notes:

- (1) The termination values assume that the triggering event took place on the last business day of the Company's financial year-end (March 31, 2018).
- (2) The accelerated option-based award value on the last business day of the Company's year-end (March 31, 2018) was calculated based on the difference between the value of the Options that would have vested and the closing price of the Common Shares on the TSX on March 31, 2018, of CAD\$3.47.
- (3) Value of earned/unused vacation and amounts owing for expense reimbursement are not included as they are not considered "incremental" payments made in connection with termination of employment.
- (4) If Dr. Feng is terminated by virtue of a Change of Control, he will receive the greater of the value under the change of control agreement or under his consulting agreement.

No new actions, decisions, or policies were made after the end of the last financial year to affect a reader's understanding of an NEO's compensation for the year ended March 31, 2018.

In addition, the Company annually awards some of the executive officers, or companies controlled by executive officers, performance bonuses for the year. The Company does not offer securities purchase programs, Common Shares or units that are subject to restrictions on resale or other incentive plans. The Company, with the exception of Option grants, focuses on annual rather than long-term compensation.

The Compensation Committee attempts to ensure that the compensation packages for executive officers and the overall equity participation plan are in line with publicly listed mining and mineral exploration companies of a comparable size and with operations at a similar or a more advanced stage. The Compensation Committee does not

rely on any formula, or objective criteria and analysis to determine an exact amount of total compensation. Compensation decisions are made through discussion by the Compensation Committee, with input from the Chairman and CEO, with the final recommendations of the Compensation Committee being submitted to the Board for further discussion and final approval.

The target is for the total compensation package granted to the CEO to be approximately in the middle range of other comparably sized mining companies. However, there is no fixed formula, or pre-determined set of peer companies that is used for this determination, rather the Compensation Committee focuses most closely on the executive compensation of a limited number of silver mining producers with market capitalizations and production profiles most similar to the Company. For the current year, this peer group consisted of Endeavour Silver Corp., Fortuna Silver Corp., Hecla Mining Company, and First Majestic Silver Corp. The Compensation Committee also places a particular emphasis on relative profitability.

The Compensation Committee reviews compensation mix on an annual basis with the goal of having a target performance based compensation for the Chairman and CEO to be in excess of 50% of his total base compensation. For the fiscal year of 2018, 51% of total compensation paid to Rui Feng, Chairman and CEO, came from short term performance compensation (bonus) and 14% came from long term performance compensation (Options) compared to 39% and 9%, respectively, in fiscal 2017.

The Compensation Committee considered the implications of the risks associated with the Company's compensation policies and practices and concluded that, given the nature of the Company's business and the role of the Compensation Committee in overseeing the Company's executive compensation practices, the compensation policies and practices do not serve to encourage any NEO or individual at a principal business unit or division to take inappropriate or excessive risks, and no risks were identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

No NEOs or directors are permitted to purchase financial instruments including forward contracts, equity swaps, collars, or like instruments, that are designed to hedge against a decrease in market value of securities of the Company granted to such NEO or director as compensation.

Base Compensation

In the Compensation Committee's view, paying base salaries that are competitive in the markets in which the Company competes for executive talent is a first step to attracting and retaining talented, qualified and effective executives. The NEOs are paid salaries commensurate with those offered by other companies in our industry, with consideration also given to internal relativity, individual performance, and the difficulty in finding a suitable alternative, particularly for a North American public company with mining operations in China.

Short Term Incentive Plan

The Company does not maintain any short term incentive plans for its NEOs but does award annual performance bonuses, as discussed below.

Option-Based Awards

The Company believes that encouraging its executive officers and employees to increase the value of their shareholdings is one of the best ways of aligning their interests with those of its Shareholders. The Compensation Committee oversees the administration of the Stock Option Plan. The Stock Option Plan is designed to give eligible directors, officers, employees and consultants of the Company or its subsidiaries, an interest in preserving and maximizing shareholder value in the longer term, to enable the Company to attract and retain individuals with experience and ability, and to provide a sense of company ownership to the individual. The Compensation Committee considers Option grants when reviewing executive officer compensation packages as a whole.

The distribution of Options is recommended by the Chairman and CEO to the members of the Compensation

Committee who decide whether they agree with the recommendations and who, once satisfied, provide their recommendation to the Board. The number of Options recommended for each individual is based upon seniority, responsibilities of the job position, and the performance of the Company. The Compensation Committee's recommendation to the Board includes the number of Options to be granted to independent directors.

The NEOs are granted Options commensurate with those offered by other companies in our industry, with consideration also given to internal relativity and individual performance. Options are granted to executive officers taking into account a number of factors, including the amount and terms of Options previously granted, base compensation, performance bonuses, if any, and competitive factors. All Options granted were granted at or above market prices, with a term of three to five years, and vesting in equal quarterly amounts over either a two, three or four-year vesting period.

During the fiscal years 2018 and 2017, the Board granted optionees Options to purchase 2,192,500 and 1,173,000 Common Shares, representing 1.3% and 0.7% of the outstanding Common Shares at the respective year-ends.

Performance Bonuses

The NEOs are paid performance bonuses commensurate with those offered by other companies in our industry, with consideration also given to Company performance, individual performance and internal relativity. Considerations for NEOs performance bonus awards paid out during the fiscal 2018 year were based primarily on two elements: (1) executive officers' personal performance, and (2) Company performance.

The Executive Bonus Plan provides a variable component of total cash compensation that is directly related to the operating and financial performance of the Company. A total bonus pool is calculated using measurable parameters that align executive team interests with that of the Shareholders. A bonus pool equal to 2.5% of free operating cash flow (excluding changes in non-cash working capital) may be available to NEOs, other corporate headquarter employees, and certain high ranking managers at the mine operations. From this available pool, a percentage of base salary will be awarded to an employee when the Company performance and personal performance achieve target performance for the year. The actual bonus percentage will be determined based on a weighting for achieving Company performance and personal performance according to the level of position, as shown in the following table:

Positions	Target Bonus as % of Base Salary ⁽¹⁾	Company Performance ⁽²⁾	Personal Performance ⁽³⁾
CEO/Executive Chairman	80%	70%	30%
CFO and Senior Vice President	40%	60%	40%
Controller and other managers	20%	50%	50%
Other head office employees	15%	20%	80%

Notes:

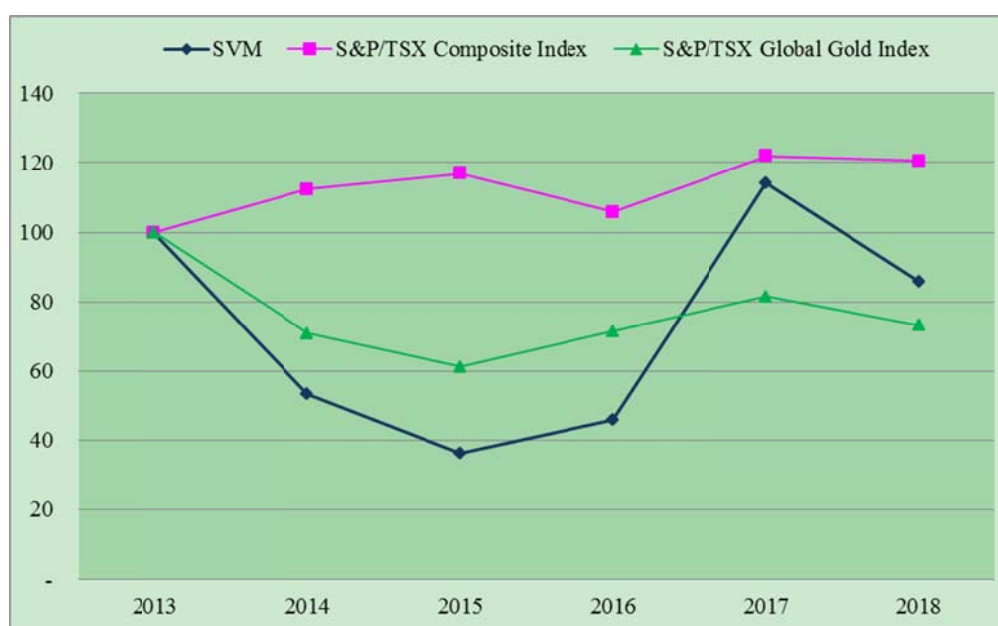

- (1) For each individual, the minimum bonus payable is 30% of his/her target bonus and the maximum is 200%.
- (2) The Company Performance component is based on the achievement of metal production (silver ounce equivalent), cash costs, and safety & environment goals. Achieving metal production targets will account for 45%, cash costs targets will account for 40%, and safety & environment targets 15%. If a safety & environment accident occurs and causes regulatory, legal or social damage to the Company, the result of safety & environment component will be set as zero.
- (3) The Personal Performance component is based on core job requirements, performance objectives and project assignments, including work planning and performance, satisfaction to the Company's requirement, leadership and guidance to other employees, human resource team building, shareholder communications, and Information Technology building. On an annual basis, employees and their supervisors set performance expectations and review progress toward the accomplishment of these goals.

Payment of any bonus is discretionary, is subject to final Board approval and future revision by the Compensation Committee as deemed necessary.

Performance Graph

The Common Shares commenced trading on the TSX on October 24, 2005, under the symbol "SVM" and prior to that time traded on the TSX Venture Exchange. The Common Shares previously traded on the NYSE, also under

the symbol “SVM”, but were voluntarily delisted in September 2015, and traded on the Over the Counter Market under the symbol “SVMLF” until May 15, 2017 when they commenced trading on the NYSE American (formerly, NYSE MKT) under the symbol “SVM”. The following chart compares the total cumulative shareholder return for CAD\$100 invested in Common Shares on April 1, 2013, with the cumulative total return of the S&P/TSX Composite Index and S&P/TSX Global Gold Index for the period from April 1, 2013 to March 31, 2018. The Common Share performance as set out in the graph does not necessarily indicate future price performance and does not factor in the payment of dividends by Silvercorp to its Shareholders.

The Company takes into account overall share price performance in determining executive compensation amounts; however, share price performance is one of a number of factors, as discussed above, that the Company takes into consideration. Overall, the trend in total compensation for the NEOs has followed the trend in the share price, rising following increases in the share price, and declining when the share prices declines. Total compensation rises and falls in line with share prices in part because of the valuation of option based awards and annual incentive plan payments. There is not a close correlation between the Company’s share price performance and the amount of base salaries, or consulting fees, (collectively “**base pay**”) paid to Named Executive Officers. While base pay generally increased during times when share price was increasing, total base pay has remained relatively stationary during the recent periods of declining share prices. In considering base pay for the CEO, the Compensation Committee gives particular weight to compensation paid to NEOs at the closest comparable companies, and is particularly cautious in recommending any reductions to base pay, recognizing the difficulty in finding English speaking senior

management with experience in operating mines in China or a CEO willing to spend the majority of their time in China.

Application of Executive Bonus Plan

The Compensation Committee agreed that the CEO's personal performance and Company performance in fiscal 2018 were deserving of full marks.

Highlights of the evaluation included the following:

- net income attributable to Shareholders of \$43.7 million, or \$0.26 per share, up 589% compared to net income attributable to Shareholders of \$6.3 million, or \$0.04 per share in the prior year;
- silver, lead, and zinc metals sold up 29%, 34%, and 5%, respectively from the prior year, to approximately 6.5 million ounces of silver, 70.5 million pounds of lead, and 18.3 million pounds of zinc;
- silver production of approximately 6.4 million ounces, surpassing the fiscal 2017 annual production guidance by 25%;
- 12%, 16%, and 15% increase in the head grades of silver, lead, and zinc compared to the prior year;
- gross margin of 54% compared with 33% in the prior year;
- cash flow from operations of \$80.4 million, an increase of \$48.5 million compared to \$31.9 million in the prior year;
- cash production costs per tonne ore decreased by 11% to \$59.84 from \$67.39 in the prior year; and
- no safety & environment accident which caused regulatory, legal or social damage to the Company.

After considering the Company's operating performance, financial performance and share price performance, and after applying the formula for awarding bonuses, the Compensation Committee agreed that the target bonus for the CEO's compensation of 80% of base pay should be increased to 150% of base pay as allowed by the executive bonus plan resulting in the award of a bonus of US\$1,012,500.

The Compensation Committee delegated to the CEO authority to establish performance bonuses for other officers be paid out from the remaining balance in the bonus pool. A total of US\$209,628 in bonuses was awarded to all other NEOs in fiscal 2018, compared to US\$155,264 in fiscal 2017.

Total bonuses paid out under the executive bonus plan to NEOs, other corporate headquarter employees and certain high ranking managers at the mine operations amounted to US\$1,363,130 representing 1.9% of free operating cash flow (excluding changes in non-cash working capital), and below the 2.5% limit of the executive bonus plan.

Compensation of Directors

The Board on an annual basis approves a directors' compensation package that includes annual base fees and may include Option-based awards and bonuses. Each non-executive director is currently paid CAD\$45,375 per year. In addition, committee chairs are paid an additional CAD\$9,075 per year, with the Chairman of the Audit Committee receiving an additional CAD\$27,225 per year. The Company has no formal plans pursuant to which cash or non-cash compensation was paid or distributed to executive officers for their roles as directors during the most recently completed financial year. On an annual basis, the Compensation Committee reviews the directors' compensation package relative to director remuneration at the closest comparable peer companies and makes recommendations to the Board regarding director compensation. Total director compensation was CAD\$790,290 in fiscal 2018, compared to CAD\$492,647 in fiscal 2017 and CAD\$634,540 in fiscal 2016. The main reason for the increase is due to the increase of directors' compensation effective October 1, 2017 and increase in the value of Option based awards.

The director fees and committee chair fees were increased by 10% during the 2018 fiscal year. This was done after a review by the Compensation Committee of the existing director compensation and a comparison with director compensation for comparable peer companies. It was also noted that the last time the Board approved an increase for fees to non-executive directors was in fiscal 2012.

The following tables set out compensation paid to directors in the financial year ended March 31, 2018:

Notes:

- (1) Disclosure about compensation paid to Dr. Rui Feng in his capacity as director has already been disclosed above under the heading "Summary Compensation Table".
- (2) The Company has adopted *IFRS 2 – Share-based Payment* to account for the issuance of Options to employees and non-employees. The fair value of Options is estimated at the grant date using the Black-Scholes Option Pricing Model which requires the input of a number of assumptions. Although the assumptions used reflect management's best estimates, they involve inherent uncertainties based on market conditions generally outside of the control of the Company. The following summarizes the key assumption used to calculate the fair value of each set of Options granted to directors, who are not NEOs, during the financial year ended March 31, 2018:

The Company grants Options from time to time at the discretion of the Board to its directors, in accordance with the policies of the TSX and the Stock Option Plan.

EQUITY COMPENSATION PLANS

The only equity compensation plan which the Company has in place is the Stock Option Plan which was previously approved by the Shareholders on November 14, 2002, and amended by the Shareholders on October 20, 2004, October 24, 2005, and August 24, 2006. At the 2009 annual general meeting, Shareholders approved a new

amendment to the Stock Option Plan in order to, among other things, convert the Stock Option Plan into a “rolling 10% plan” from a “fixed number plan”. At the 2012 and 2016 annual general meetings, Shareholders re-approved the Stock Option Plan. As at August 9, 2018, the total number of Options available under the Stock Option Plan is 16,787,961 (representing 10.0% of the Company’s issued and outstanding Common Shares), 7,052,293 Options outstanding (representing 4.2% of the Company’s issued and outstanding Common Shares), and 9,735,668 Options available for future issuance under the Stock Option Plan (representing 5.8% of the Company’s issued and outstanding Common Shares).

The Stock Option Plan has been established to attract and retain directors, officers, employees and consultants to the Company and to motivate them to advance the interests of the Company by affording them with the opportunity to acquire an equity interest in the Company. The Stock Option Plan is administered by the Board and the Compensation Committee.

The maximum number of Common Shares that may be reserved for issuance for all purposes under the Stock Option Plan is 10% of the issued and outstanding Common Shares, from time to time. Any Common Shares reserved for issuance pursuant to an Option which for any reason is cancelled or terminated without having been exercised will again be available for grant under the Stock Option Plan. Additionally, if any Option has been exercised, the number of Common Shares into which such Option was exercised will become available to be issued upon the exercise of Options subsequently granted under the Stock Option Plan. Thus, upon exercise of Options, the Common Shares underlying such Options will become available for issuance under the Stock Option Plan.

The maximum number of Common Shares under the Stock Option Plan and any other share compensation arrangement of the Company (i) issued to insiders within any one year period, and (ii) issuable to insiders at any time, may not exceed 10% of the Company's issued and outstanding Common Shares. The maximum number of Common Shares issued to directors, officers, employees and *bona fide* consultants (the “**Eligible Persons**”) under the Stock Option Plan and under any other share compensation arrangement is limited to 5% of the Common Shares issued and outstanding at the time of the grant.

The Board may, from time to time, subject to applicable law and to the prior approval, if required, of the TSX or any other regulatory body having authority over the Company or the Stock Option Plan or, if required by the rules and policies of the TSX, the approval of the Shareholders, suspend, terminate or discontinue the Stock Option Plan at any time, or amend or revise the terms of the Stock Option Plan or of any Option granted under the Stock Option Plan.

The Board has the authority under the Stock Option Plan to establish the exercise price at the time each Option is granted. The exercise price of an Option may not be less than the closing market price for the Common Shares on the TSX on the trading day prior to the date of grant of the Options. The Board, or a committee appointed for such purposes, also has the authority under the Stock Option Plan to determine other terms and conditions relating to the grant of the Options, including any applicable vesting provisions. The Stock Option Plan also includes a specific amending provision that details the amendments to the Stock Option Plan that may be made by the Board without Shareholder approval and other amendments that specifically require Shareholder approval.

The term of the Options granted under the Stock Option Plan shall expire on a date determined by the Board, which may not be later than 10 years from the date of grant of the Option. However, the Stock Option Plan provides that Options that would otherwise expire during “no trading” periods (“**Blackout Periods**”) established by the Company will be extended for 10 business days after the Blackout Period expires.

All Options granted under the Stock Option Plan are not assignable or transferable other than by will or the laws of succession, except that, if permitted by the rules and policies of the TSX, an optionee shall have the right to assign any Option granted to a trust, RRSP, RESP or similar legal entity. If an optionee ceases to be an Eligible Person for any reason whatsoever other than death, each Option held by such optionee will cease to be exercisable 90 days following the termination date (being the date on which such optionee ceases to be an Eligible Person). If an optionee dies, the legal representative of the optionee may exercise the optionee’s Options within one year after the date of the optionee’s death but only up to and including the original Option expiry date.

The following table sets out the annual burn rate for three most recently completed financial years ending March 31:
