

## **NYSE American Corporate Governance**

The common shares of Silvercorp Metals Inc. (the “Company”) are listed on the NYSE American LLC (“NYSE American”). Section 110 of the NYSE American company guide permits NYSE American to consider the laws, customs and practices of foreign issuers in relaxing certain NYSE American listing criteria, and to grant exemptions from NYSE American listing criteria based on these considerations. A company seeking relief under these provisions is required to provide written certification from independent local counsel that the non-complying practice is not prohibited by home country law. A description of the significant ways in which the Company’s governance practices differ from those followed by U.S. domestic companies pursuant to NYSE American standards is as follows:

### *Shareholder Meeting Quorum Requirement*

The NYSE American minimum quorum requirement for a shareholder meeting is one-third of the outstanding shares of common stock. In addition, a company listed on NYSE American is required to state its quorum requirement in its bylaws. The Company’s quorum requirement is set forth in its articles. The Company’s articles provide that quorum for the transaction of business at a meeting of shareholders is two persons who are, or represent by proxy, shareholders holding, in the aggregate, at least five percent of the issued shares entitled to be voted at the meeting. If, within one-half hour from the time set for the holding of a meeting of shareholders, a quorum is not present, in the case of a general meeting requisitioned by shareholders, the meeting is dissolved, and in the case of any other meeting of shareholders, the meeting stands adjourned to the same day in the next week at the same time and place. If, at the succeeding meeting to which the meeting referred to above was adjourned, a quorum is not present within one-half hour from the time set for the holding of the meeting, the person or persons present and being, or representing by proxy, one or more shareholders entitled to attend and vote at the meeting constitute a quorum.

### *Proxy Delivery Requirement*

NYSE American requires the solicitation of proxies and delivery of proxy statements for all shareholder meetings, and requires that these proxies be solicited pursuant to a proxy statement that conforms to the proxy rules of the U.S. Securities and Exchange Commission. The Company is a foreign private issuer as defined in Rule 3b-4 under the U.S. Securities Exchange Act of 1934, as amended, and the equity securities of the Company are accordingly exempt from the proxy rules set forth in Sections 14(a), 14(b), 14(c) and 14(f) of such Act. The Company solicits proxies in accordance with applicable rules and regulations in Canada.

### *Shareholder Approval Requirement*

NYSE American requires a listed company to obtain the approval of its shareholders for certain types of securities issuances, including private placements that may result in the issuance of common shares (or securities convertible into common shares) equal to 20% or more of presently outstanding shares for less than the greater of book or market value of the shares. In general, there is no such requirement under British Columbia law or under the policies of the Toronto Stock Exchange unless the transaction: materially affects control of the listed issuer; provides consideration to insiders in

aggregate of 10% or greater of the market capitalization of the listed issuer, during any six-month period, or the transaction is a private placement for an aggregate number of listed securities issuable greater than 25% of the number of securities of the listed issuer which are outstanding, on a non-diluted basis, prior to the date of closing of the transaction where the price per security is less than

the market price (as such term is defined under Toronto Stock Exchange policies) but within the discounts allowable under Toronto Stock Exchange policies. The Company will seek a waiver from NYSE American's shareholder approval requirements in circumstances where the securities issuance does not trigger such a requirement under British Columbia law or under the policies of the Toronto Stock Exchange.

The foregoing is consistent with the laws, customs and practices in Canada.
